

Rays of light, symbolically represented as horns on the head of Moses (Michelangelo), can be a graphic symbol of Wisdom.

Board of Wisdom

Wisdom is the judicious application of knowledge.

It is a deep understanding and realization of people, things, events or situations, resulting in the ability to apply perceptions, judgments and actions in keeping with this understanding.

It often requires control of one's emotional reactions (the "passions") so that universal principles, reason and knowledge prevail to determine one's actions.

Wisdom is also the comprehension of what is true coupled with optimum judgment as to action. Synonyms include: sagacity, discernment, or insight.
